VOIR is a ultra-thin typeface in seven optical weights, designed by multi-awarded Swedish Art Director Pompe Hedengren together with Göran Söderström.

VOIR start off with two basic shapes, the geometric circle and a simple stroke. Those two elements are combined in unusual proportions and angles to build all glyphs in the typeface.

VOIR mixes extreme elegance with a sense of humor. An Art Directors dream, it comes with more alternates than you probably would ever need.
